

Fever and other cold-like symptoms

When visiting a medical institutions

Influenza  
Epidemic  
Period

Prevention of  
infection spread

Cold?  
Flu?  
COVID-19?

Before medical  
examination  
Call us first for a  
consultation!

Going directly to a medical facility may spread the infection.

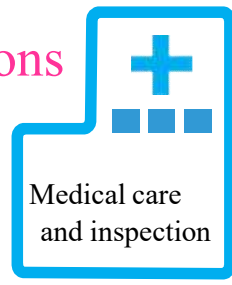

The initial symptoms of COVID-19 are difficult to distinguish from those of other diseases such as colds and influenza, so be sure to call the doctor before visiting.

Consultation  
through phone

Family doctor, etc.  
Nearest medical institutions
